Request under the Official Information Act 1982

Thank you for your email of 9 December 2024, requesting the following information from Te Pūkenga – New Zealand Institute of Skills and Technology (Te Pūkenga):

... a copy of the interim reports prepared by external specialists Calibre Partners, Volte, PwC, and Deloitte and provided to Te Pūkenga in October.

Also please the final reports which I understand have now been completed.

This letter provides a formal decision on your request under the Official Information Act 1982 (OIA).

Background

Te Pūkenga was directed by the Tertiary Education Commission (TEC) to obtain specialist support to review and improve the financial viability of our 16 provider-based business divisions - regional Institutes of Technology and Polytechnics (ITPs) - to support their ability to become standalone entities in future. Calibre Partners, Volte, PricewaterhouseCoopers, and Deloitte are undertaking this work as part of the Regional ITP Viability (RIV) programme.

In mid-August 2024, these specialist consultants provided draft reports to confirm the financial position of each business division, understand the profitability of programmes and delivery sites, and assess the utilisation of assets.

Following this work, the consultants developed interim high-level reports to improve the financial viability and financial positions of the ITPs. These reports were provided to the TEC in October 2024 and are those referred to in the first part of your request.

The reports provided initial views about the viability of each ITP, timeframes to achieve viability (if possible), and the scale and scope of change required in areas such as property, programmes, and people.

The final and more comprehensive plans provide an overview of how each regional ITP can become a viable, stand-alone entity, or how it might minimise financial losses and operate as part of a federation or merger, for example. This report outlines what needs to be done now and in 2025 to implement the recommendations and support business division viability from 1 January 2026. This report is what the second part of your request refers to.

This work by the consultants on the RIV programme forms part of ongoing advice to the TEC and Minister for Tertiary Education and Skills. This in turn will feed into the options for consideration for final government decisions to be made regarding the way forward for New Zealand's Vocational Education and Training sector and the position of ITPs within that. It will also outline opportunities for the ITPs to improve their financial performance.

The decision

We have decided to withhold these reports under the following sections of the OIA:

- 9(2)(b)(ii) to protect information where the making available of the information would be likely unreasonably to prejudice the commercial position of the person who supplied or who is the subject of the information
- 9(2)(f)(iv) to maintain the constitutional conventions for the time being which protect the confidentiality of advice tendered by Ministers of the Crown and officials
- 9(2)(g)(i) to maintain the effective conduct of public affairs through the free and frank expression of opinions by or between or to Ministers of the Crown or members of an organisation or officers and employees of any public service agency or organisation in the course of their duty.

We do not believe the need to withhold this information is outweighed by the public interest in its release at this time.

You have the right to make a complaint to the Ombudsman under section 28(3) of the OIA if you are not happy with this response. Information about how to do this is available at www.ombudsman.parliament.nz or by calling 0800 802 602.

We may publish our OIA responses, and the information contained in our reply to you on our website. Before publishing we will remove any personal or identifiable information.

Ngā mihi
