10 March 2025

Tēnā koe

Request under the Official Information Act 1982

Thank you for your email of 27 November 2024, requesting the following information from Te Pūkenga – New Zealand Institute of Skills and Technology (Te Pūkenga):

Can I please request the following under the OIA:

For each polytechnic or institute of technology which sits beneath Te Pukenga

A list of all consultations which have closed regarding any course or role changes since November 2023, and a list of the courses, roles and campuses affected.

A copy of all consultation documents, for any consultations which have closed, would serve to fulfil this request.

You kindly sent a detailed clarification and refinement of your request to my office on 19 December. With reliance on section 15(1)(AA) of the OIA, due to this clarification, the timeframe for making a decision on your request was reset, as 20 working days from 19 December. We then wrote to you on 7 February 2025 advising of an extension to the timeframe for making a decision on your request to 10 March.

This letter provides a formal decision on your request under the Official Information Act 1982 (OIA).

Engagement

I understand you have been communicating directly with Relations Director, and his team regarding your OIA requests.

If you have any questions or wish to discuss any aspect of this response, or your other requests please feel free to contact directly via email at: <u>oia@tepukenga.ac.nz</u> or by phone on

The decision

In order for your request to be granted and make accessing the information administratively achievable for both business division and national office kaimahi (staff), my office prepared a spreadsheet for our business divisions to populate responding to each part of your request.

A copy of this spreadsheet with details you have requested, as at 19 December 2024, is attached at **Appendix One**, with the exception of *List of job positions affected*. With reference to section 9(2)(a) of the OIA we are providing a separate amalgamated list of job titles that were affected to protect the privacy of natural persons, as in some cases individuals could be identified by release of their exact title matched to their corresponding business division. We provide this list of position titles with corresponding headcount (where possible) at **Appendix Two**. In addition, where the FTE or headcount of roles affected is less than four we have withheld the exact number with reliance on section 9(2)(a). We do not believe the need to withhold this information under section 9 of the OIA is outweighed by the public interest in its release.

To retain the integrity of the information provided from across the network, we have presented the figures and information largely as it was received. This has resulted in slightly different ways of recording the information from each division, particularly in the *net changes to job numbers* column. If you would like any parts clarified please contact **across** in the first instance.

Please note the following points in relation to the information provided. Some changes to role numbers have occurred where there were vacancies, meaning kaimahi were not directly affected. While courses listed are 'affected' in some way, this does not automatically mean they were all closed. Some were affected due to changes in staffing, location, or timing. For some others initially proposed for closure, due to feedback received, remained open. For example, Wintec's Bachelor of Music and Performing Arts. Not all roles affected involved teaching positions, meaning there were no matching courses or campuses affected, for example MIT's International Education Teaching does not offer courses, but rather provides a testing service.

There is no information in scope for the following five business divisions, hence they are not included in the Appendices: Ara, NorthTec, Open Polytechnic, Tai Poutini Polytechnic, and Unitec.

You have the right to make a complaint to the Ombudsman under section 28(3) of the OIA if you are not happy with this response. Information about how to do this is available at <u>www.ombudsman.parliament.nz</u> or by calling 0800 802 602.

We may publish our OIA responses and the information contained in our reply to you on our website. Before publishing we will remove any personal or identifiable information.

Ngā mihi

Gus Gilmore Tumuaki | Chief Executive

Appendix One

Closed consultations regarding any course or role changes between 27 November 2023 - 19 December 2024, and a list of the courses and campuses affected where relevant.
