## Our proposed Operating Model

Please provide comments in response to the following questions:

Do you have any comments you'd like to share about the proposed Operating Model?

The proposed Operating Model outlines the functions of the organisation (what we will deliver) and the services (how we will deliver them) to achieve our vision, the intent of the Reform of Vocational Education (RoVE) and our Charter.

Find more information on our proposed Operating Model below or refer to **page 23** in the [Operating Model document](#).

### Tā mātou Tauira Whakahaere | Our proposed Operating Model

Our proposed Operating Model puts learners and their whānau at the centre.

The model presented here is not a traditional education delivery model. We needed to find a new way to bring the system and our people together to deliver high quality teaching and learning and support in new and better ways.

## Feedback on the model

If you are going to be explicit in defining what areas are to be taught by Te Pūkenga Network", you will severely restrict the vision of what can be taught. Already I see it is missing Business and Languages (other than English) there may be more missing that the existing ITPs currently have been missed off the model. I suggest either generalising categories or being more specific in listing.

"Te Pūkenga Network" I would have thought to be interwoven across all areas of provision, such as: Learner Support and Accessibility, Te Tiriti, and even Research and post-graduate study
